Product information

Food Grade Penetrating Oil

Degrippant Lubrifiant Alimentaire

NSF Reg. No. 127771
Category Code: H1

Bardahl Food Penetrating Oil is a specially developed lubricant for lubrication of machines and machine parts in the food- and pharmaceutical industries. This lubricant is made up of oils and special additives which are harmless to health.

Bardahl Food Penetrating Oil is a powerful product which:

- Penetrates deeply into the core of mechanisms to unblock them.
- Removes rust deposits and used grease residues.
- Lubricates efficiently delicate mechanisms in the food industry.
- Repels water and protects against humidity.

Bardahl Food Penetrating Oil is a product which is free of silicone, acid, chlorine and contains no aromatics.

Bardahl Food Penetrating Oil conforms to the US FDA CFR 21 specifications, art 178.3570 for use in the Food Industry.

Bardahl Food Penetrating Oil is registered under number 127771 category code H1 by NSF international.
