

Product information

XTM Multigrade 20W50

Bardahl XTM Multigrade Motorcycle Oil is a modern multi grade motor oil, which meets many requirements of present-day motorcycle 4-stroke engines. The special composition of this motorcycle oil makes its use under the most widely divergent operating conditions possible. This oil is made up of a high-grade base oil, with exclusive detergent, dispersive and special anti-wear additives, and consequently has the following properties:

1. A very high resistance against oxidation.
2. A good protection against wear, corrosion and foaming.
3. A high detergent and dispersive power.
4. A high, stable viscosity index.

Directions for use

This motor oil is suitable for long oil changing intervals and may be used all year round. Tests have shown that the active components of this oil retain their optimum function even under the most unfavorable conditions. Mixable with all mineral oils.

Harley Davidson application

A multigrade engine oil for 4-stroke motorcycle engines, including Harley-Davidson Evo and Twin Cam models, which is advised by the manufacturer.

(Also application in older models such as Shovelheads who have undergone complete revision repairs)
