

# XTM Motorcycle Oil 20W50 Multigrade

**Bardahl XTM 20W50 Multigrade** is a modern multigrade engine oil that is tuned to today's 4-stroke engines and gearboxes of motorcycles.

The special composition of this motorcycle oil makes it possible for engines to function optimally under the most diverse conditions. The oil is made up of high-quality base oils, with special cleansing, dispersing and anti-wear components. In summary, this oil provides the following properties:

- A very high resistance to oxidation.
- Prevents black sludge
- A very good protection against wear, corrosion and foaming.
- Strong cleansing and dispersing properties.
- A high, stable viscosity index

This engine oil is suitable for long oil drain intervals and can be used all year round. Tests have shown that the active ingredients in this oil retain their property even under the most unfavorable conditions of use.

## Manual
