

## Truck Cleaner BIO

**Bardahl Truck Cleaner** is a powerful special cleaner for cleaning all types of trucks, vans, trailers, tankers, etc. This product removes traffic dirt without brushing or rubbing and breaks down the static layer. It removes dirt and dissolves the dirt veil that is so difficult to remove.

**Bardahl Truck Cleaner** is biodegradable and contains no solvents. The anti-corrosion components in the product ensure adequate protection of the unpainted parts. The product does not affect lacquer, glass, or steel.

**Bardahl Truck Cleaner** is particularly user-friendly and ensures great time savings due to its fast and thorough operation. The product is a universal cleaner and also extremely suitable for cleaning tarpaulins, tanks, engines, and chassis. Due to its powerful effect, this product is particularly economical to use. To clean a truck, between 1 and 1.5 liters of the product are needed.

### Manual

---

**Bardahl Truck Cleaner** is diluted with water before use. (In liters)

The overall ratio is 1:20

Body cleaner in a ratio of 1:20

Tank cleaner	"	"	"	1:20
Chassis cleaner	"	"	"	1:20
Engine cleaner	"	"	"	1:20

**Bardahl Truck Cleaner** is applied with a high-pressure cleaner. The product can also be used for a mist tank or misting arc. The mixture is sprayed from bottom to top, from left to right, at a distance of 1 meter with a high-pressure cleaner. Depending on the degree of contamination, let the product work for a few minutes (max.5 min.), but do not let it dry. After that, the vehicle can be sprayed from top to bottom with a high-pressure cleaner.

Any remaining soap residues can be rinsed off with a water jet. Hot water can provide an accelerated cleaning effect during both application and spraying.
