

Product information

Jack Oil

Bardahl Jack Oil is a hydraulic jack oil reinforced with the 'Polar Attraction Formula'. This oil is specially developed for hydraulic manual and electric jacks. Bardahl Jack Oil ensures minimal wear and maximum life. Protects against corrosion and rust formation.

Bardahl hydraulic jack oil prevents rust in the cylinder, keeps the oil seals smooth. The high-quality additive package provides optimum protection against foaming and aging.

Application

This hydraulic oil is suitable for garage jacks, workshop presses, hoists, motor cranes etc.
