

## Classic Motor Oil SAE 50

**Bardahl Classic Motor Oil SAE 50** is a 100% mineral single grade engine oil, developed for the lubrication of gasoline engines from 1900 to 1950.

**Bardahl Classic Motor Oil SAE 50** has a minimum of additive ring and is therefore fully compatible with bronze copper brass and non-ferrous metals. The classic-tuned viscosity ensures a constant oil pressure, which reduces oil consumption to a minimum.

It is suitable for sealing materials from that time (paper, felt and fabric). The excellent adhesion contributes to minimal wear of the engine when starting, even after a long standstill.

### Application

---

Suitable for oldtimers from 1900 to 1950.
