

Classic Motor Oil SAE 20W50

Bardahl Classic Motor Oil SAE 20W50 motor oil has been developed for the lubrication of gasoline engines with and without turbo or compressor. This engine oil is very resistant to extremely high temperatures, such as those found in turbochargers. Detergents prevent combustion residues from forming on the turbo bearings.

Bardahl Classic Motor Oil SAE 20W50 motor oil is composed of high-quality solvent refined base oils to which balanced additives have been added. The anti-wear and antioxidation additives serve to lubricate and protect an engine in the most diverse conditions.

This universal (Multi fleet) oil has the following properties:

- Due to the detergents share of medium level, it is compatible with elastomers
- barriers and seals.
- Provides excellent protection against wear, corrosion and foaming.
- Due to good dispensing effect, no sludge formation occurs.
- Prevents deposits in hot zones of the engine by good deterrening effect.
- Finally, this engine oil has a high and stable viscosity index and a low sulphate-axis number.

Application

This oil meets the heaviest requirements of both gasoline (also with LPG installations), with or without turbocharger.
-Zn level- 610ppm

Specifications

API - SF/CC
