

# Dieselube Special 15W40

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878  
Issue date: 16/03/2015 Revision date: 08/09/2022 Supersedes version of: 03/10/2018 Version: 4.0

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product form : Mixture  
Name : Dieselube Special 15W40  
Product code : 545  
Article number : 54500

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

##### 1.2.1. Relevant identified uses

Main use category : Industrial use, Professional use, Consumer use  
Industrial/Professional use spec : Non-dispersive use  
Used in closed systems  
Function or use category : Lubricants and additives

##### 1.2.2. Uses advised against

No additional information available

#### 1.3. Details of the supplier of the safety data sheet

BARDAHL NL - OCD NEDERLAND BV  
Maxwellstraat 41  
3316 GP Dordrecht  
Nederland  
T 0031 78 651 2322 - F 0031 78 617 4848  
[mjkooijman@bardahl.nl](mailto:mjkooijman@bardahl.nl) - [www.bardahl.nl](http://www.bardahl.nl)

#### 1.4. Emergency telephone number

Emergency number : +31 (0) 6 54924171  
During office hours: 8.30 t/m 17:00 h

| Country        | Official advisory body                                                                           | Address                         | Emergency number | Comment                              |

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

##### Classification according to Regulation (EC) No. 1272/2008 [CLP]

Not classified

##### Adverse physicochemical, human health and environmental effects

No additional information available

# Dieselube Special 15W40

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### 2.2. Label elements

#### Labelling according to Regulation (EC) No. 1272/2008 [CLP]

EUH-statements : EUH208 - Contains 2,5-Furandion, polymeer(873694-48-5), Calcium long chain alkaryl sulfonate(722503-68-6), Alkyl (C18-C28) toluensulfonzuur, calciumzouten, geborateerd.  
May produce an allergic reaction.  
EUH210 - Safety data sheet available on request.

### 2.3. Other hazards

Contains no PBT/vPvB substances  $\geq 0.1\%$  assessed in accordance with REACH Annex XIII

| Component                                |                                                                                                                                                                                 |
|------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2,5-Furandion, polymeer (873694-48-5)    | PBT: not relevant – no registration required                                                                                                                                    |
| Phenol, dodecyl-, branched (121158-58-5) | This substance/mixture does not meet the PBT criteria of REACH regulation, annex XIII<br>This substance/mixture does not meet the vPvB criteria of REACH regulation, annex XIII |

The mixture contains substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605

| Component                               |                                                                                                                                                                                                                                                                                                                                     |
|-----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Phenol, dodecyl-, branched(121158-58-5) | The substance is included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 |

## SECTION 3: Composition/information on ingredients

### 3.1. Substances

Not applicable

### 3.2. Mixtures

| Name                                                                                     | Product identifier                                                          | %          | Classification according to Regulation (EC) No. 1272/2008 [CLP] |

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

|                                       |                                                                                                  |
|---------------------------------------|--------------------------------------------------------------------------------------------------|
| First-aid measures after inhalation   | : No special measures required.                                                                  |
| First-aid measures after skin contact | : Wash skin thoroughly with mild soap and water.                                                 |
| First-aid measures after eye contact  | : Irrigate copiously with clean, fresh water for at least 15 minutes, holding the eyelids apart. |
| First-aid measures after ingestion    | : Do NOT induce vomiting. Rinse mouth. Obtain emergency medical attention.                       |

### 4.2. Most important symptoms and effects, both acute and delayed

|                                     |                                                                                                        |
|-------------------------------------|--------------------------------------------------------------------------------------------------------|
| Symptoms/effects after inhalation   | : Not expected to present a significant inhalation hazard under anticipated conditions of normal use.  |
| Symptoms/effects after skin contact | : Not expected to present a significant skin hazard under anticipated conditions of normal use.        |
| Symptoms/effects after eye contact  | : Not expected to present a significant eye contact hazard under anticipated conditions of normal use. |
| Symptoms/effects after ingestion    | : Not expected to present a significant ingestion hazard under anticipated conditions of normal use.   |

### 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

|                                |                                           |
|--------------------------------|-------------------------------------------|
| Suitable extinguishing media   | : Water haze. Foam. Powder. Dry chemical. |
| Unsuitable extinguishing media | : Do not use a heavy water stream.        |

### 5.2. Special hazards arising from the substance or mixture

No additional information available

### 5.3. Advice for firefighters

|                                |                                                                                                 |
|--------------------------------|-------------------------------------------------------------------------------------------------|
| Precautionary measures fire    | : Exercise caution when fighting any chemical fire.                                             |
| Firefighting instructions      | : Use water spray or fog for cooling exposed containers.                                        |
| Protection during firefighting | : Do not enter fire area without proper protective equipment, including respiratory protection. |

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

#### 6.1.1. For non-emergency personnel

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Protective equipment | : Wear suitable protective clothing and gloves. |
|----------------------|-------------------------------------------------|

#### 6.1.2. For emergency responders

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Protective equipment | : Wear suitable protective clothing and gloves. |
|----------------------|-------------------------------------------------|

# Dieselube Special 15W40

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### 6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if product enters sewers or public waters.

### 6.3. Methods and material for containment and cleaning up

|                         |                                                                                       |
|-------------------------|---------------------------------------------------------------------------------------|
| For containment         | : Impound and recover large spill by mixing it with inert granular solids.            |
| Methods for cleaning up | : Detergent. Take up liquid spill into absorbent material sand, saw dust, kieselguhr. |
| Other information       | : May be dangerously slippery if spilled. Use suitable disposal containers.           |

### 6.4. Reference to other sections

No additional information available

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

|                               |                                                                                                                         |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| Precautions for safe handling | : Avoid all unnecessary exposure. Both local exhaust and general room ventilation are usually required.                 |
| Handling temperature          | : < 40 °C                                                                                                               |
| Hygiene measures              | : Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. |

### 7.2. Conditions for safe storage, including any incompatibilities

|                     |                                             |
|---------------------|---------------------------------------------|
| Storage conditions  | : Store in dry, cool, well-ventilated area. |
| Storage temperature | : < 40 °C                                   |

### 7.3. Specific end use(s)

No additional information available

## SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

#### 8.1.1 National occupational exposure and biological limit values

No additional information available

#### 8.1.2. Recommended monitoring procedures

No additional information available

#### 8.1.3. Air contaminants formed

No additional information available

#### 8.1.4. DNEL and PNEC

No additional information available

#### 8.1.5. Control banding

No additional information available

### 8.2. Exposure controls

#### 8.2.1. Appropriate engineering controls

No additional information available

#### 8.2.2. Personal protection equipment

**Personal protective equipment:**

Protective goggles. Gloves.

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### Personal protective equipment symbol(s):

#### 8.2.2.1. Eye and face protection

| Eye protection |                      |                 |          |
|----------------|----------------------|-----------------|----------|
| Type           | Field of application | Characteristics | Standard |
| Safety glasses |                      |                 |          |

#### 8.2.2.2. Skin protection

##### Skin and body protection:

No special clothing/skin protection equipment is recommended under normal conditions of use.

| Hand protection |                      |                   |                |             |          |
|-----------------|----------------------|-------------------|----------------|-------------|----------|
| Type            | Material             | Permeation        | Thickness (mm) | Penetration | Standard |
| Safety gloves   | Nitrile rubber (NBR) | 6 (> 480 minutes) | >0.35          |             |          |

#### 8.2.2.3. Respiratory protection

##### Respiratory protection:

No special protection required where adequate ventilation is maintained.

#### 8.2.2.4. Thermal hazards

No additional information available

#### 8.2.3. Environmental exposure controls

No additional information available

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

|                                                 |                                                               |
|-------------------------------------------------|---------------------------------------------------------------|
| Physical state                                  | : Liquid                                                      |
| Colour                                          | : brown.                                                      |
| Appearance                                      | : Oily liquid.                                                |
| Odour                                           | : characteristic.                                             |
| Odour threshold                                 | : Not available                                               |
| Melting point                                   | : Not available                                               |
| Freezing point                                  | : Not available                                               |
| Boiling point                                   | : Not available                                               |
| Flammability                                    | : Not available                                               |
| Lower explosion limit                           | : Not available                                               |
| Upper explosion limit                           | : Not available                                               |

# Dieselube Special 15W40

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### 9.2. Other information

#### 9.2.1. Information with regard to physical hazard classes

No additional information available

#### 9.2.2. Other safety characteristics

No additional information available

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

No additional information available

### 10.2. Chemical stability

Stable under normal conditions.

### 10.3. Possibility of hazardous reactions

No additional information available

### 10.4. Conditions to avoid

No additional information available

### 10.5. Incompatible materials

Strong oxidizers. Acids. Bases.

### 10.6. Hazardous decomposition products

No additional information available

## SECTION 11: Toxicological information

### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

|                                   |                                                                                                                                                                          |
|-----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acute toxicity (oral)             | : Not classified                                                                                                                                                         |
| Acute toxicity (dermal)           | : Not classified                                                                                                                                                         |
| Acute toxicity (inhalation)       | : Not classified                                                                                                                                                         |
| Skin corrosion/irritation         | : Not classified                                                                                                                                                         |
| Serious eye damage/irritation     | : Not classified                                                                                                                                                         |
| Additional information            | : (A specific ingredient in the product reduces the effect of eye irritation caused by the substance ZnDTP. Based on this data, the H319 classification can be ignored.) |
| Respiratory or skin sensitisation | : Not classified                                                                                                                                                         |
| Germ cell mutagenicity            | : Not classified                                                                                                                                                         |
| Carcinogenicity                   | : Not classified                                                                                                                                                         |
| Additional information            | : <3% DMSO (IP346)                                                                                                                                                       |
| Reproductive toxicity             | : Not classified                                                                                                                                                         |
| STOT-single exposure              | : Not classified                                                                                                                                                         |
| STOT-repeated exposure            | : Not classified                                                                                                                                                         |
| Aspiration hazard                 | : Not classified                                                                                                                                                         |

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### 11.2. Information on other hazards

#### 11.2.1. Endocrine disrupting properties

##### Component

Phenol, dodecyl-, branched(121158-58-5)

The substance is identified for having endocrine disrupting properties but there is no additional data available

#### 11.2.2. Other information

No additional information available

## SECTION 12: Ecological information

### 12.1. Toxicity

- Ecology - general : This product contains one or more components that have a branched chain alkylphenol impurity which is very toxic to aquatic organisms (listed in chapter 3). The components containing the impurity have been tested and are not toxic to it aquatic organizations. Therefore, the data in Chapter 3 on the alkylphenol impurity cannot be used to classify the product some concerns toxicity to aquatic organisms.
- Hazardous to the aquatic environment, short-term (acute) : Not classified
- Hazardous to the aquatic environment, long-term (chronic) : Not classified

### 12.2. Persistence and degradability

#### Dieselube Special 15W40

Persistence and degradability

Not soluble in water, so only minimally biodegradable.

### 12.3. Bioaccumulative potential

No additional information available

### 12.4. Mobility in soil

No additional information available

### 12.5. Results of PBT and vPvB assessment

##### Component

2,5-Furandion, polymeer (873694-48-5)

PBT: not relevant – no registration required

Phenol, dodecyl-, branched (121158-58-5)

This substance/mixture does not meet the PBT criteria of REACH regulation, annex XIII  
This substance/mixture does not meet the vPvB criteria of REACH regulation, annex XIII

### 12.6. Endocrine disrupting properties

##### Component

Phenol, dodecyl-, branched(121158-58-5)

The substance is identified for having endocrine disrupting properties but there is no additional data available

### 12.7. Other adverse effects

No additional information available

# Dieselube Special 15W40

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### SECTION 13: Disposal considerations

#### 13.1. Waste treatment methods

Product/Packaging disposal recommendations : Dispose in a safe manner in accordance with local/national regulations.

### SECTION 14: Transport information

In accordance with / / / ADR / IMDG / IATA / ADN / RID

| ADR                                     | IMDG                                                      | IATA                              | ADN                               | RID                               |

#### 14.6. Special precautions for user

##### Overland transport

No data available

##### Transport by sea

No data available

##### Air transport

No data available

##### Inland waterway transport

No data available

##### Rail transport

No data available

#### 14.7. Maritime transport in bulk according to IMO instruments

Not applicable

### SECTION 15: Regulatory information

#### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

##### 15.1.1. EU-Regulations

##### REACH Annex XVII (Restriction List)

Contains no substance(s) listed on REACH Annex XVII (Restriction Conditions)

# Dieselube Special 15W40

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### REACH Annex XIV (Authorisation List)

Contains no substance(s) listed on REACH Annex XIV (Authorisation List)

### REACH Candidate List (SVHC)

Contains substance(s) listed on the REACH Candidate List in concentrations  $\geq 0.1\%$  or SCL: Phenol, alkylation products (mainly in para position) with C12-rich branched alkyl chains from oligomerisation, covering any individual isomers and/ or combinations thereof (PDDP) (EC 310-154-3, CAS 121158-58-5)

### PIC Regulation (Prior Informed Consent)

Contains no substance(s) listed on the PIC list (Regulation EU 649/2012 concerning the export and import of hazardous chemicals)

### POP Regulation (Persistent Organic Pollutants)

Contains no substance(s) listed on the POP list (Regulation EU 2019/1021 on persistent organic pollutants)

### Ozone Regulation (1005/2009)

Contains no substance(s) listed on the Ozone Depletion list (Regulation EU 1005/2009 on substances that deplete the ozone layer)

### Explosives Precursors Regulation (2019/1148)

Contains no substance(s) listed on the Explosives Precursors list (Regulation EU 2019/1148 on the marketing and use of explosives precursors)

### Drug Precursors Regulation (273/2004)

Contains no substance(s) listed on the Drug Precursors list (Regulation EC 273/2004 on the manufacture and the placing on market of certain substances used in the illicit manufacture of narcotic drugs and psychotropic substances)

### 15.1.2. National regulations

No additional information available

## 15.2. Chemical safety assessment

No additional information available

## SECTION 16: Other information

| 2.1                   | Classification according to Regulation (EC) No. 1272/2008 [CLP] | Removed  |          |
| 2.2                   | EUH-statements                                                  | Added    |          |
| 3                     | Composition/information on ingredients                          | Modified |          |
| 9.1                   | Viscosity, kinematic                                            | Modified |          |
| 9.1                   | Density                                                         | Modified |          |
| 9.1                   | Colour                                                          | Modified |          |
| 11.1                  | Additional information                                          | Added    |          |
| 11.1                  | Additional information                                          | Added    |          |
| 12.1                  | Ecology - general                                               | Added    |          |

# Dieselube Special 15W40

## Safety Data Sheet

according to the REACH Regulation (EC) 1907/2006 amended by Regulation (EU) 2020/878

### Abbreviations and acronyms:

Abbreviations and acronyms:

RID: Regulations Concerning the International Transport of Dangerous Goods by Rail

ICAO: International Civil Aviation Organization

ADR: European Agreement concerning the International Carriage of Dangerous Goods by Road

IMDG: International Maritime Code for Dangerous Goods

IATA: International Air Transport Association

GHS: Globally Harmonized System of Classification and labelling of Chemicals

EINECS: European Inventory of Existing Commercial Chemical Substances

ELINCS: European List of Notified Chemical Substances

CAS: Chemical Abstracts Service (division of the American Chemical Society)

VOC: Volatile Organic Compounds (USA, EU)

LC50: Lethal concentration, 50 percent

LD50: Lethal dose, 50 percent

|                   |                                                                                                                                                                                                    |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Aquatic Acute 1   | Hazardous to the aquatic environment – Acute Hazard, Category 1                                                                                                                                    |
| Aquatic Chronic 1 | Hazardous to the aquatic environment – Chronic Hazard, Category 1                                                                                                                                  |
| Aquatic Chronic 2 | Hazardous to the aquatic environment – Chronic Hazard, Category 2                                                                                                                                  |
| Aquatic Chronic 4 | Hazardous to the aquatic environment – Chronic Hazard, Category 4                                                                                                                                  |
| EUH208            | Contains 2,5-Furandion, polymeer(873694-48-5), Calcium long chain alkaryl sulfonate(722503-68-6), Alkyl (C18-C28) tolueensulfonzuur, calciumzouten, geborateerd. May produce an allergic reaction. |
| EUH210            | Safety data sheet available on request.                                                                                                                                                            |
| Eye Dam. 1        | Serious eye damage/eye irritation, Category 1                                                                                                                                                      |
| H314              | Causes severe skin burns and eye damage.                                                                                                                                                           |
| H317              | May cause an allergic skin reaction.                                                                                                                                                               |
| H318              | Causes serious eye damage.                                                                                                                                                                         |
| H360F             | May damage fertility.                                                                                                                                                                              |
| H361d             | Suspected of damaging the unborn child.                                                                                                                                                            |
| H400              | Very toxic to aquatic life.                                                                                                                                                                        |
| H410              | Very toxic to aquatic life with long lasting effects.                                                                                                                                              |
| H411              | Toxic to aquatic life with long lasting effects.                                                                                                                                                   |
| H413              | May cause long lasting harmful effects to aquatic life.                                                                                                                                            |
| Repr. 1B          | Reproductive toxicity, Category 1B                                                                                                                                                                 |
| Repr. 2           | Reproductive toxicity, Category 2                                                                                                                                                                  |
| Skin Corr. 1C     | Skin corrosion/irritation, Category 1, Sub-Category 1C                                                                                                                                             |
| Skin Sens. 1      | Skin sensitisation, Category 1                                                                                                                                                                     |
| Skin Sens. 1B     | Skin sensitisation, category 1B                                                                                                                                                                    |

Safety Data Sheet (SDS), EU
